5. COOKIES

5.1 What are cookies?

Cookies are small text files placed on your computer, smartphone or other device when you visit our website. They allow us to distinguish you from other users, which helps us give you an enhanced website experience. Cookies allow you to do many things such as log on to your account, apply for products and services online and use financial tools.

5.2 What cookies do we use?

We use three types of cookies on our website: essential cookies, performance cookies and tailored content cookies. Essential cookies enable you to operate vital functions of our website and trading platform. If these are disabled, you may not be able to access the platform or other significant parts of the website. Performance cookies allow us to recognize and count the number of visitors and to see how visitors move around the website when they are using it. This helps us to improve the way our website works, for example by making sure users are finding what they need easily. Tailored content cookies allow us to tailor the content of our website to suit you and link with other websites, such as social media websites. For example, instead of displaying promotional messages about products you already have, they let us show you other services you might be interested in. We only use tailored content cookies subject to your prior opt in to that effect and as set by our trusted business partners to provide you with Swissquote products and services and will only show you Swissquote branded advertisements on our website. For more information about cookies, visit allaboutcookies.org.

5.3 How to disable cookies

However, please be aware that cookies are often used to enable and improve certain functions on our website. If you choose to opt-out of certain cookies, it is likely to affect how our website works. For more information about how to disable cookies, including instructions on how to amend your cookie settings for a variety of browsers and how to delete existing cookies from your device, visit allaboutcookies.org.

6. DATA SECURITY AND RETENTION

In order to keep your personal data secure, we have implemented a number of security measures, including: securing our operating environments that are only accessible to our employees, agents and contractors on a need-to know basis; encrypting each and every sensitive financial information processed to carry out transactions over our websites; verify your identity before you can access, use or make changes to your account so as to prevent any unauthorized access. Please note that these protections do not apply to personal data you choose to share in public areas such as on community websites. We will only retain your personal data for as long as it is necessary for the stated purpose, taking into account also our need to answer queries or resolve problems, provide improved and new services, and comply with legal requirements under applicable laws. This means that we may retain your personal data for a reasonable period after your last interaction with us. When the personal data that we collect is no longer required in this way, we destroy or delete it in a secure manner.

7. CHANGES TO OUR PRIVACY AND COOKIES POLICY
